

Dear Customers,

In accordance with legal requirements, we calculate and provide information about the Annual Percentage Rate (APR) for all loans. The APR includes all costs related to the loan — interest, fees, and commissions — expressed as an annual percentage of the loan amount.

Our goal is to provide clear and transparent information to help you make an informed decision.

For any further questions, please contact our customer service team.

Thank you for your trust!

Loan Terms and Conditions	
Amount	97 000
Loan Term (months)	60
Interest Rate (%)	7,58
Grace Period (months)	3
Repayment Plan Type	Declining Installments
